

The Entrance Plaza and Event Lawn

Plant your roots in the gathering space of the Gardens

There will be many spaces throughout The Gardens at Texas A&M University for gathering a class or corralling students for a tour, but none will be like the Event Lawn. For many guests, this gorgeous sanctuary will be the first place they see and the last place they leave.

The Entrance Plaza and Event Lawn

This major entrance and gathering space is one of the primary outdoor event venues for the Agriculture and Life Sciences Complex and The Gardens.

The Event Lawn currently exists as a spacious, green oasis for students and faculty for group exercises, picnic lunches, studying and setting up the occasional hammock.

As part of the Gardens project, the event lawn will be preserved yet improved to include additional landscaping and flower beds on the perimeter, as well as a paved site for food trucks and caterers.

Events include the annual College of Agriculture and Life Sciences Tailgate, weddings, receptions, banquets and much more.

The space is lined and scattered with statuesque post oaks that provide plenty of shade. During events, tents can be set up on the lawn to create additional sheltered areas.

Plant the Seeds of Your Texas A&M Legacy

Your investment in The Gardens at Texas A&M University will breathe new life into the Aggie community and extend the reach of our exemplary university. Your support will make this special place a reality.

Include your name or that of a loved one as a permanent part of this initiative by funding a garden, the pavilion, a gathering space or other natural area.
